Swarup Kumar Rath

--

Summary

? Passionate BTech Student | Data Analyst Enthusiast | Machine Learning Enthusiast | Web Developer | Innovator ?

? Pursuing BTech with a focus on leveraging data analysis, machine learning, and web development skills to drive innovation and solve real-world problems.

? Currently honing expertise in data analysis, model building, and machine learning techniques while exploring web development frameworks and technologies.

? Eager to contribute to projects at the intersection of technology and innovation, with a keen interest in developing solutions that make a positive impact on society.

? Actively seeking internship opportunities to apply skills in data analysis, machine learning, and web development in dynamic and challenging environments.

? Enthusiastic about exploring innovative ideas and collaborating with like-minded professionals to create cutting-edge solutions that shape the future.

Let's connect and collaborate on exciting projects! ?

Education

Bachelor of Technology - BTech in Data Science - GIET University Gunupur (2022 - 2026)

Intermediate in None - ODM Public School (2020 - 2022)

Matriculate in None - Holy Family English Medium School (2007 - 2020)

Experience

Data Science Intern at Remarkskill Education (6 2024 - 7 2024)

Artificial Intelligence and Machine Learning Intern at CSRBOX (6 2024 - 7 2024)

Machine Learning Intern at CODTECH IT SOLUTIONS (5 2024 - 6 2024)

Accomplished Courses

Deep Learning with Tensorflow - ML0120EN

Prompt Engineering for Everyone - AI0117EN

R for DataScience - RP0101EN

Accomplished Projects

Blue Bot - Project Overview: Developed a website on "Clean Water and Sanitation Education" during the IB

Aptiguide - E LEARNING PLATFORM Designed a dynamic frontend for our fully fledged website Model de

Background Optimizer - Project Overview: Launched a project on Background Removal using Python and (

Caartooonify - Project Overview: Developed a project called "Cartoonify" as part of the Data Science Interr

DermDetect - SKIN DISEASE DETECTOR Created a user-friendly interface for image uploads using react

FIT FUSION - WORKOUT ANALYSER Developed BMI and calorie calculator by body type. Built a fitness s

Lappy-Dekho - Lappy-Dekho employs Linear Regression and Random Forest Regression to predict laptop

Trackk Groww - STUDENT GRADE ANALYSER Created JavaScript code to implement the desired functio

Certifications

Excel Bootcamp - LUEEXLJUN124797

SQL Bootcamp - LUESQLJUN124270

ChatGPT Bootcamp - LUECGPTJUN124437

Data Analytics using Power BI - LUEDAJUL124669

Prompt Engineering Bootcamp - LUEPEJUL124318

Getting Started with Artificial Intelligence - None

Artificial Intelligence Fundamentals - None

Project Management Fundamentals - None

Liberty Developer Essentials - None
